

Încercuiește bucată care lipsește din figura de mai jos.

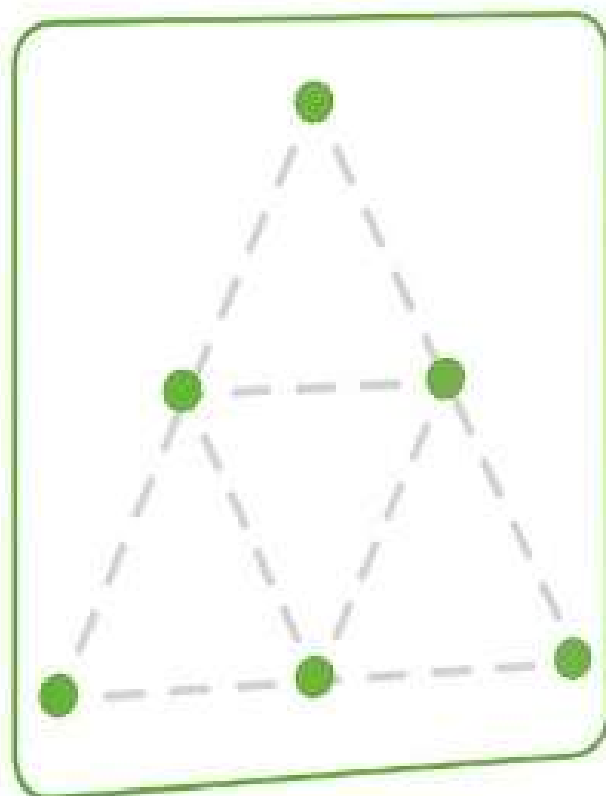

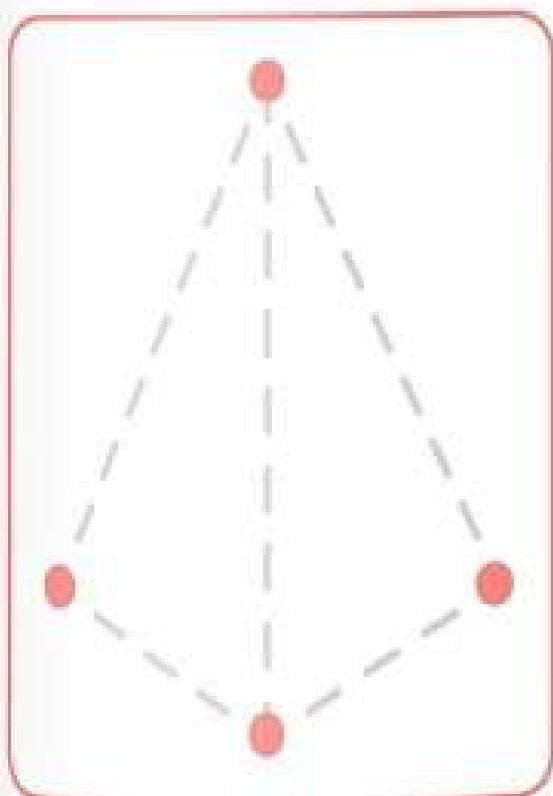

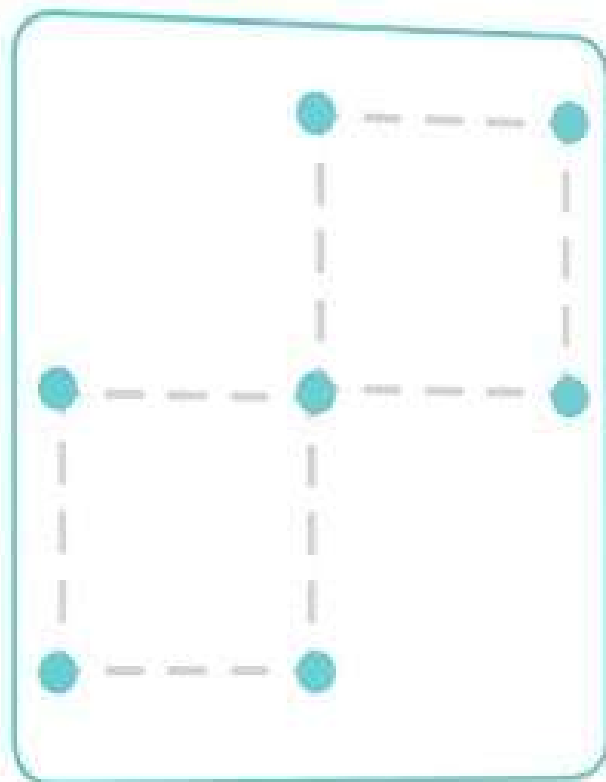

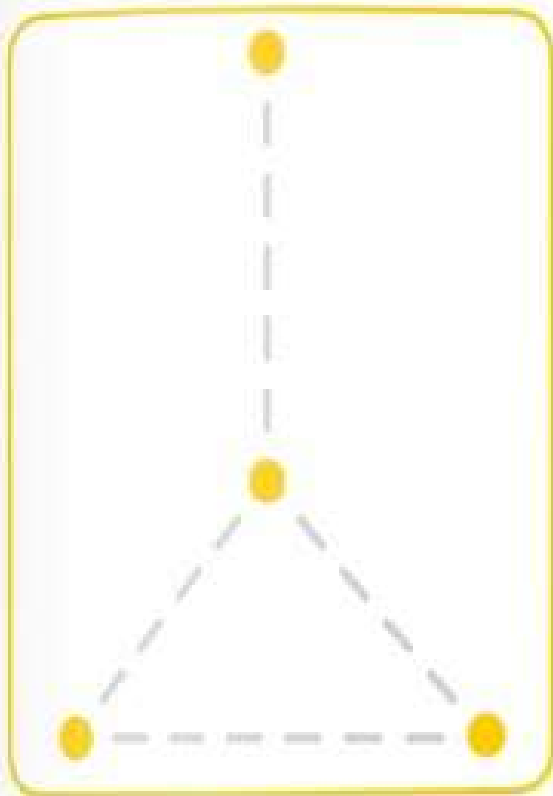

Colorează după model pătratul deformat.

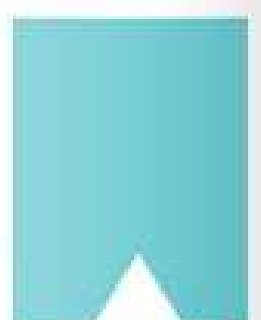

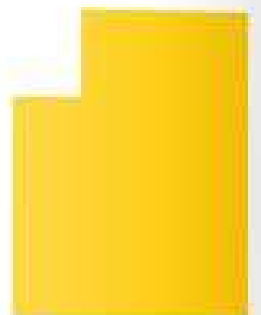

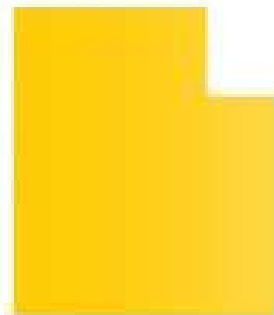

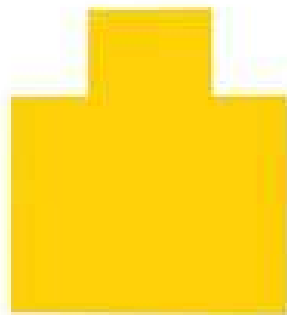

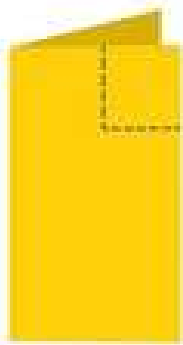

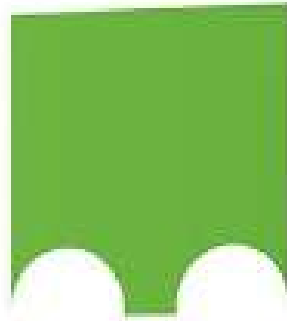

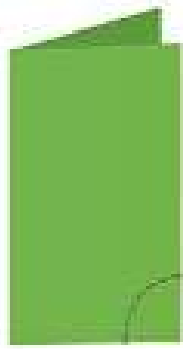

★ Colorează careul de mai jos, astfel încât să încadrezi toate cele cinci forme.

★ Unește punctele fără să ridici pixul de pe foaie și fără să treci de mai multe ori peste aceeași linie punctată.

Încercuiește pe fiecare rând forma
care se obține după decuparea bucatii indicate
și despăturirea colii.

Urmărește modelul, apoi desenează respectând regula.
